CYCLEASE® PMS

PMS

Main Symptoms*
- Discomfort
- Aches
- Bloating
- Irritability

Patients want:
- quick, safe and natural relief
- no interference with a woman’s natural cycle
- relief for both physical and emotional symptoms

Advantages
- Quick-dissolving tablets, sublingual absorption
- Can be taken at the onset of symptoms
- Aspirin- and ibuprofen-free
- No interactions with other medications, herbs or supplements
- Non-drowsy, no risk of overdose
- Doesn’t mask symptoms of a more serious condition

Directions
- Adults and children 12 years of age and older: Dissolve 2 tablets under the tongue morning and evening until symptoms are relieved.
- Children under 12 years of age: Not recommended.
- Stop use and ask a doctor if symptoms persist for more than 7 days or worsen. If pregnant or breast-feeding, ask a health professional before use. Keep out of reach of children.

Did you know?
About 75% of women will experience some form of premenstrual syndrome. These problems tend to peak in your late 20s and early 30s. Simple lifestyle changes and healthy eating habits can help to relieve the symptoms. More information can be found at www.womenshealth.gov.
